- (2) A statement of the applicant's qualifications and experience as a taxidermist; and
- (3) If a State permit is required by State law, a statement as to whether or not the applicant possesses such State permit, giving its number and expiration date.
- (c) *Permit authorizations.* A permit authorizes a taxidermist to:
- (1) Receive, transport, hold in custody or possession, mount or otherwise prepare, migratory birds, and their parts, nests, or eggs, and return them to another.
- (2) Sell properly marked, captive reared migratory waterfowl which he has lawfully acquired and mounted. Such mounted birds may be placed on consignment for sale and may be possessed by such consignee for the purpose of sale.
- (d) Additional permit conditions. Inaddition to the general conditions set forth in part 13 of this subchapter B, taxidermist permits shall be subject to the following conditions:
- (1) Permittees must keep accurate records of operations, on a calendar year basis, showing the names and addresses of persons from and to whom migratory birds or their parts, nests, or eggs were received or delivered, the number and species of such, and the dates of receipt and delivery. In addition to the other records required by this paragraph, the permittee must maintain in his files, the original of the completed Form 3-186, Notice of Waterfowl Sale or Transfer, confirming his acquisition of captive reared, properly marked migratory waterfowl from the holder of a current waterfowl sale and disposal permit.
- (2) Notwithstanding the provisions of paragraph (c) of this section, the receipt, possession, and storage by a taxidermist of any migratory game birds taken by another by hunting is not authorized unless they are tagged as required by §20.36 of this subchapter. The required tags may be removed during the taxidermy operations but must be retained by the taxidermist with the other records required to be kept and must be reattached to the mounted specimen after mounting. The tag must then remain attached until the mounted specimen is delivered to the owner.

(e) Term of permit. A taxidermist permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

[39 FR 1178, Jan. 4, 1974, as amended at 54 FR 38151, Sept. 14, 1989; 63 FR 52637, Oct. 1, 1998]

§21.25 Waterfowl sale and disposal permits.

- (a) Permit requirement. A waterfowl sale and disposal permit is required before any person may lawfully sell, trade, donate, or otherwise dispose of, to another person, any species of captive-reared and properly marked migratory waterfowl or their eggs, except that such a permit is not required for such sales or disposals of captive-reared and properly marked mallard ducks or their eggs.
- (b) Application procedures. Submit application for waterfowl sale and disposal permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in §13.12(a) of this subchapter, and the following additional information:
- (1) A description of the area where waterfowl are to be kept;
- (2) Species and numbers of waterfowl now in possession and a statement showing from whom these were obtained:
- (3) A statement indicating the method by which individual birds are marked as required by the provisions of this part 21; and
- (4) If a State permit is required by State law, a statement as to whether or not the applicant possesses such State permit, giving its number and expiration date.
- (c) Additional permit conditions. In addition to the general conditions set forth in part 13 of this subchapter B, waterfowl sale and disposal permits shall be subject to the following conditions:
- (1) Permittees may not take migratory waterfowl or their eggs from the wild, and may not acquire such birds or

their eggs from any person not authorized by a valid permit issued pursuant to this part to dispose of such birds or their eggs.

- (2) All live migratory waterfowl possessed in captivity under authority of a valid waterfowl sale and disposal permit shall have been, prior to 6 weeks of age, physically marked as defined in §21.13(b). All offspring of such birds hatched, reared, and retained in captivity shall be so marked prior to attaining 6 weeks of age. The preceding does not apply to captive adult geese, swans, and brant which were marked previous to March 1, 1967, by a "V" notch in the web of one foot, nor to such birds held in captivity at public zoological parks, and public scientific or educational institutions.
- (3) Such properly marked birds may be killed, in any number, at any time or place, by any means except shooting. Such birds may be killed by shooting only in accordance with all the applicable hunting regulations governing the taking of like species from the wild.
- (4) At all times during possession, transportation, and storage until the raw carcasses of such birds are finally processed immediately prior to cooking, smoking, or canning, the marked foot or wing must remain attached to each carcass: Provided, That permittees who are also authorized to sell game under a State license, permit or authorization may remove the marked foot or wing from the raw carcasses if the number of his State license, permit, or authorization has first been legibly stamped in ink on the back of each carcass and on the wrapping or container in which each carcass is maintained, or each carcass is identified by a State band on leg or wing pursuant to requirements of his State license, permit, or authorization.
- (5) Such properly marked birds, alive or dead, or their eggs may be disposed of in any number, at any time or place, to any person: *Provided*, That all such birds shall be physically marked prior to sale or disposal regardless of whether or not they have attained 6 weeks of age: *And provided further*, That on each date that any such birds or their eggs, are transferred to another person, the permittee must complete a Form 3–186,

Notice of Waterfowl Sale or Transfer, indicating all information required by the form and the method or methods by which individual birds are marked as required by §21.25(c)(2). (Service will provide supplies of form.) The permittee will furnish the original of completed Form 3-186 to the person acquiring the birds or eggs; retain one copy in his files as a record of his operations: attach one copy to the shipping container for the birds or eggs, or include the copy in shipping documents which accompany the shipment; and, on or before the last day of each month, mail two copies of each form completed during that month to the office of the Fish and Wildlife Service which issued his permit.

(6) Permittees shall submit an annual report within 10 days following the 31st day of December of each calendar year to the office of the Fish and Wildlife Service which issued the permit. The information provided shall give the total number of waterfowl by species in possession on that date and the method or methods by which individual birds are marked as required by the provisions of this part 21.

(d) Term of permit. A waterfowl sale and disposal permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

[40 FR 28460, July 7, 1975, as amended at 54 FR 38151, Sept. 14, 1989; 63 FR 52637, Oct. 1, 1998]

§21.26 [Reserved]

§21.27 Special purpose permits.

Permits may be issued for special purpose activities related to migratory birds, their parts, nests, or eggs, which are otherwise outside the scope of the standard form permits of this part. A special purpose permit for migratory bird related activities not otherwise provided for in this part may be issued to an applicant who submits a written application containing the general information and certification required by part 13 and makes a sufficient showing of benefit to the migratory bird resource, important research reasons,
